Customer Care

Occidental's customer loyalty team is second to none. Our customers always come first. Our staff offers technical advice regarding the selection and use of products. We coordinate with our shipping and manufacturing departments to ensure prompt and accurate shipping. Our website (www.occidentalleather.com) provides complete product information and referrals to dealers nationwide. Direct links to on-line suppliers are provided.

2 Year Warranty

Occidental will repair or replace (at our option) any item or set component found to be defective in materials or workmanship within two years of the original retail purchase. Call customer service for details.

What is Not Covered

- *Normal wear and tear*, including abrasion, punctures, cuts, fading, etc.
- *An entire set* when one component is in question
- *Damage* caused by misuse or abuse.
- *Cost of shipment* to Occidental

Repair Policy

Lifetime repair service is provided only for our all-leather products. Call for details.

You may reach customer care Monday through Friday from 8 a.m. to 3:30 p.m. (Pacific Time).

Left-Handed Builders

We are the only manufacturer that provides our most popular styles in a mirror image design for lefties (at no extra charge). Throughout the catalog, products which are available in left hand models are indicated with the **LH** symbol (all illustrations are of the right handed model). In left handed sets, the tool bag is then worn on the left side and the fastener bag is worn on the right side.

HOW TO SIZE YOUR TOOL BELT

Place your existing tool belt in a straight line and measure from the end of the buckle to the most commonly used hole. Select the belt size (by mid point) that is closest to your measurement.

If you do not currently have a tool belt to measure, you can get an approximate tool belt size by adding 4" to your pant waist size.

REMEMBER: *Pant waist and tool belt sizes differ by about 4"*

Size	Mid Point	Approximate Pant Waist
Small	34"	(29" to 32")
Medium	37"	(33" to 35")
Large	41"	(36" to 39")
X-Large	45"	(40" to 44")
XX-Large	49"	(45" to 49")
XXX-Large*	53"	(50" to 54")

*XXX-Large only available in 5035

OXY™ PRO WORK VESTS

2575 - Oxy™ Pro Work Vest

A great alternative system for all trades, and better than an apron. Intuitive pockets for speed square, gloves, tape, pencils, small notebooks, and a torpedo level!

Great attention is paid to the details to insure years of hard wear. Stress points, edges and pockets are all reinforced. This versatile design has passed every field test and promotes smooth working rhythm on the job.

Available for lefties in  option as 2575LH.

Functional Organization

The wide shoulder, open-back design promotes air flow and has **28 pockets and tool holders.**

Roomy Integrated Cargo Pockets

for fasteners feature 5 attachment points, for optional clip-on accessories.

Suitable for finish carpenters, electricians, plumbers, cabinetmakers, maintenance technicians, and home hobbyists.

2518 - Oxy Freedom™ Framer Suspension System

An evolutionary tool vest suspension system for professionals in the construction field.

The Oxy Freedom™ Framer is a shoulder worn dedicated unit offering field functional 8" deep bags with hand specific tool placement, plus a hybrid vest area with tool holders for maximum efficiency.

The open-back, fully adjustable vest fits sizes SM-XL. It incorporates 43 heavy-duty, sturdy pockets and holders saving trips to the tool box!

Tool Bag

Main Bag : 10" w x 8" d

Outer Bags : 5" x 5"

Fastener Bag

Main Bag : 10" w x 8" d

Outer Bag : 7" x 5"

2008 - Oxy™ Tool Chest

Rhythm of movement and comfort through ergonomic weight and tool distribution. The tools are worn on each side of the vest, distributing the weight to the upper body instead of the lower back.

Includes holders for all the most commonly used tools with easy "cross draw" access. Vest may be removed and hung by "D" ring at the job site then tools and fasteners can be easily accessed. The fully adjustable system allows ample room for winter clothing.

- Exceptional Comfort
- Freedom of Movement
- Maximum Tool Capacity
- Superior Load Distribution
- Easy On and Off

STRONGHOLD® SUSPENDAVEST™

The Tool Carrying Alternative to Suspenders

2500 - Stronghold® SuspendaVest™

The 2500 allows the flexibility to build your own "belt free" system using bags of your choice. Loaded with features and enough tool holders to do most jobs even without bags! 17 pockets and holders for all commonly used tools as well as plenty of extra storage for cell phone, note pads, calculator, etc.

The leather belting sections disconnect at the rear to accept any bag that accommodates a 3" belt. Create a custom rig to fit your specific work habits and needs. Snaps on and off in seconds with a quick release chest strap buckle. Features a "D" ring for hanging storage!

Nylon suspension vest with torso worn tool holders, eliminates clutter, maximizes comfort and efficiency. Remove your bags from the SuspendaVest™ for finish work or use in tight spots. Wear your bags on your tool belt when desired.

Available for lefties in **LH** option.

- **Maximum Comfort**
- **Accepts ANY Occidental Bag**
- **Freedom of Movement**
- **Even Load Distribution**
- **Freedom from Tool Clutter**
- **Ergonomically Designed**

2580 - SuspendaVest™ Oxy Light™ Package

STRONGHOLD® & COMFORT SYSTEMS

5055 - Stronghold® Suspension System

- Exceptional Comfort
- Even Load Distribution
- Pockets for Pencils or Clip-On Items
- Padded Yoke Lined With Dri-Lex® to Wick Away Perspiration
- Easy On-Off
- Fully Adjustable Fit*

Extremely comfortable padded and contoured yoke. This design keeps straps from wandering off your shoulders and distributes weight evenly. Yoke helps relieve hip and lower back pain and is lined with a special material that wicks away moisture.

Leather loop attachment system for up to a 3" belt is included. Easy on & off, just release the adjustable chest strap and hang up your whole rig with the heavy duty "D" ring provided in center of yoke.

D-Ring is Not To Be Used As A Safety Connection!

** The big & tall builder (over 6'2") may need our Suspender Extensions kit 5044 for proper fit.*

5355 - Stronghold® Comfort Package**

We combine our best selling 5055 Stronghold® Suspension System with our new 9008 Hip Buddies® to provide you with the last word in toolbelt comfort. Our Suspension System redistributes your load while the Hip Buddies soften the pressure you experience all day. Backed by Occidental's high standards, the Stronghold® Comfort System will become an integral part of your trade tools.

** Not for use with B5625 or 5530 sets.

SUSPENDER SYSTEMS

5009 - Leather Work Suspenders

Our traditional heavy duty leather suspenders. Hand crafted from belting leather, these work horse suspenders feature large shoulder pads.

Heavy duty spring clips snap on and off. The leather loop attachment system for up to a 3" belt is included.

For installation on additional belts, use Installation Kit 5509.

1546 - Stronghold® Light Suspenders

Ultra-light industrial nylon suspension set features pockets at chest height for pencils or clip-on items. Extremely comfortable providing even weight distribution.

Heavy duty spring clips snap on and off the leather loop attachment system (included). Fully adjustable front and rear. Just slide onto your belt and get to work.

For installation on additional belts, use Installation Kit 5509.

9020B - Oxy™ Nylon Suspenders

These are serious nylon suspenders designed to hold your pants or tool belts. If you want nylon suspenders, these are the ones.

Extra heavy 2" wide straps are fully adjustable both front and rear (non-stretching). Heavy harness leather rear spreader. Quality super heavy clamps.

5044 - Suspender Extensions

For the extra big and tall builder, a pair of these straps provide an additional 10" to the length of your suspenders. For use on our 5009 and 5055 suspenders and beltless systems.

5009K - Suspender Attachment Kit

Suspender attachment kit used to attach Occidental suspenders (1546 & 5009) directly to your tool belt or to create your own belt loops.

5055K - Suspender Attachment Kit

Suspender attachment kit used to attach Occidental Stronghold® suspenders directly to your tool belt or to create your own belt loops. Includes suspender lock kit for 5055.

5509 - Suspender Loop Attachment Set

This kit is available for installation of 1546, 5055 or 5009 on additional belts.

5055P - Replacement Pad

Replacement shoulder pad for the 5055 Stronghold® Suspension System. Can also be used to retrofit the 5009.

INSTA-VEST™ SUSPENDER ACCESSORIES

8577 - Clip-On Stronghold® Insta-Vest™ Kit

Insta-Vest kit for use with stronghold suspenders. Convert your suspenders into a hybrid vest with durable spring-steel clips.

1550 - Stronghold® Insta-Vest™ Kit Plus Suspender Package

Suspenders with Clip-On Gear Pockets allow you to carry all essentials and reach less. Packaged complete with the 8577 Insta-Vest™ Kit and the 1546 Stronghold® Light Suspenders.

Holders clip on and off as job requires!

Safe and accessible smart phone carry.
