

MADE IN THE USA

60HA

Finished Edge

Tape Advance

Our Hot Air edgebander is a must have for woodworkers looking to increase productivity and accuracy. Reduce the amount of lumber discarded due to unsatisfactory edge banding installation. The 60HA features electronic variable speed control, digital temperature control, electromagnetic end cutters, an accutrim edge trim system and more. The innovative design of this American-Made machine makes it easy to use and provides a very dependable edgebanding solution.

FEATURES & BENEFITS

- Electronic variable speed feed and digital electronic temperature control.
- Adjustable heat nozzle saves energy.
- Micro adjust tape guide makes changing tape widths fast and simple.
- Electromagnetic end cutters means no need for compressed air supply.
- Accutrim edge trim system uses industrial duty trim router motors to ensure quality finish.
- Dust collection outlet keeps trimmings off your workpiece and the floor.
- Automatic conveyor for consistent feed rate.
- Solid edge flush trimming and edge molding capability.
- Machined billet aluminum components.
- Easy to set-up, operate, and maintain.
- Small footprint.
- American made with 3 year warranty.

SPECIFICATIONS

Dimensions (shop)	60" L x 40" H x 36" D
Shipping Weight	400 lbs/181 kg
Power Supply	220V, 20 amps, 1~
Tape Types	Preglued Polyester / PVC / Wood
Tape Widths	1/2"/13mm to 1 3/4"/45mm
Min. Panel Length	6"
Min. Panel Width	3 1/2"
Max Thickness	1 mm
Max Feed Rate	15 FPM
