

JBOS-5 BENCH OSCILLATING SANDR(TEXT)

Accessories

1" oscillating action reduces friction heat to protect wood and prolong sleeve life

Main spindle support runs on precision ball bearings and is oscillated by a heavy-duty worm and gear mechanism for consistent performance

Oscillation gears run in a sealed lubricated box to prolong their life and durability

Table tilts to 45° to accommodate bevel sanding projects

Removable on/off safety switch prevents accidental start-up

Powerful 1/2HP induction motor easily handles the toughest sanding projects

Built-in 2" dust port keeps dust and debris out of the air

Spindles have threaded ends for quick, easy changes

Four table inserts are provided (3/4" and 1" Oblong, 3/4" and 1" Round), to prevent dust and debris from falling into the motor, and help protect operator.

Built-in storage racks keep spindles and table inserts handy

Benchtop includes four non-skid rubber feet keep machine stable during use
